- MONGODB

PROJECTS

TRACKEX : EXPENSE TRACKER WEB APP

Developed a secure full-stack expense tracker with JWT authentication and protected routes, enabling users to register, log in, and manage categorized expenses. Built a responsive Tailwind CSS dashboard to add, view, and delete expenses.

TASKIFY :

Taskify-MERN is a task management application built with the MERN stack (MongoDB, Express.js, React, and Node.js). It enables users to efficiently create, track, and manage tasks with a responsive, user-friendly interface.
